

Our Menus

Lightweight, easy to prepare and great taste.

It doesn't matter whether you're on foot, on a boat, in a cabin or summiting a breath-taking peak. The experience helps you feel alive and relaxed...and the food that fuels you plays more than just a supporting role. You want tasty food? Lightweight, convenient and easy to prepare? AlpineAire's freeze-dried meals give you all that and a whole lot more. You can count on looking forward to a satisfying, nutritious, wellbalanced, re-energizing meal that leaves you warm and happy inside.

For over 30 years, AlpineAire Foods has been demonstrating their passion for bringing great meals to the outdoors. By using only the finest ingredients, we are able to provide great tasting and nutritious meals that you can count on.

Our commitment to delivering unique and flavorful experiences in the outdoors continues with the new lineup of entrees for 2023. delighted on the trail.

Beef dishes

People who exercise a lot use up lots of energy. AlpineAire meals are based on a value of about 600 calories per package to cover the increased energy consumption during sports activities. Because of this, our declared aim is the following: The energy that we take in must taste as delicious as possible! The beef meals of AlpineAire are put together with much skill, a shot of imagination, and a splash of passion for adventure.

Poultry Dishes

AlpineAire's delicious Grilled Chicken entrées bring freshly grilled taste right to your campsite. Try our Grilled Chicken Jambalaya or King Pao Grilled Chicken and experience a flavorful and nutritious meal wherever the trail takes you.

Pork Dishes

Our flavorful shredded pork dishes are succulent and satisfying, while adding delicious variety to your expedition meal plan. Some favorites include Pork Jambalaya, Al Pastor and Pork Pad Thai. Enjoy a home-style or restaurant favorite anywhere that you choose!

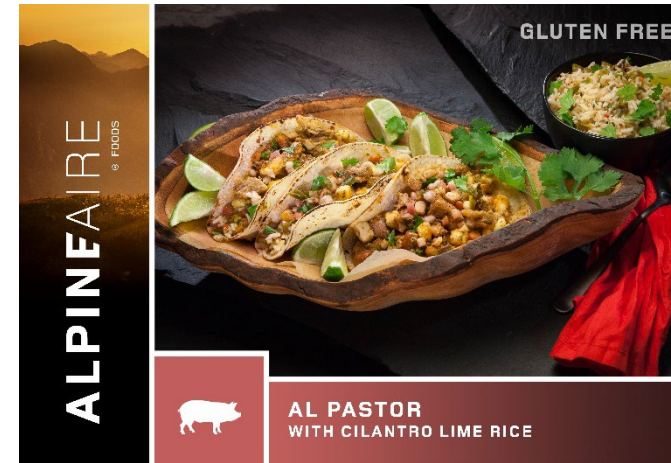

Vegetarian Dishes

It doesn't always have to be meat. AlpineAire offers a large number of varied and balanced vegetarian menus. Let the fragrance of the Mediterranean waft through your outdoor kitchen: The culinary trip runs from Forever Young Mac & Cheese and Tuscan Style Pasta Roma to Wild Mushroom Fettuccine Alfredo and Shakshuka.

ALPINEAIRE FOODS

NRG-5® emergency food rations, fortified with high quality ingredients. A pack of NRG-5® (500g / 2300 kcal) covers the daily energy requirements of an adult. Ready-to-eat, no heating or boiling required. Can be given to children as of 6 months old. By crushing the compressed bars and adding water, you can prepare a nutritious mash or energy drink, depending on how much water you add.

The Katadyn Group, including Katadyn, Steripen, Optimus & **Alpine Aire** offer additional training and heavily **discounted employee purchases at ExpertVoice.com**.

Smart Packaging

- 1 Food with personality**
An ethnic style is given to each one of our products based on characteristics of the dish.
- 2 Mouth watering product descriptions**
Now you know exactly what you are getting.
- 3 Category Icons**
Each category is color coded for easy identification. (Ex. Chicken entrees are highlighted in Yellow.)
- 4 Preparation Icons**
For added convenience and simplicity most recipes are "Just Add Water," and all others are labeled accordingly.
- 5 Total Package Values**
Because several meals are eaten by one person, we have indicated the total package value for Calories and Protein.
- 6 Nutritional Icons**
We have a huge assortment of Gluten Free options, as well as an array of Vegetarian products to choose from.
- 7 E-Z Fill Line**
This feature allows you to measure the right amount of water without using a measuring cup. Simply crease the pouch at the appropriate mark on the "E-Z Fill Line" and pour in enough water until it reaches the mark inside the pouch.
