

Welcome to Mystery Ranch!

We make the best load-bearing packs and accessories for the most demanding users in the world based on our heritage of making quality gear.

Mystery Ranch is built on a heritage of function, comfort, quality and durability. Since 2000, Mystery Ranch has been manufacturing packs and load carriage systems for military, hunting, wildland fire and mountaineering customers, with a focus on use-specific designs and hand-built quality.

For much of the past 21 years, we've developed Load Carriage™ systems for the most demanding customers and environments out there -military combat and wildland firefighting. These highest-level users came to us because they knew of our pack-engineering pedigree. They needed purpose-built packs that would carry monstrous loads with more stability-packs that would endure relentless, in-the-field hammering without failure ... year in and year out.

Designing for this professional and industrial user has taught us about building functional, comfortable packs for hikers, backpackers, climbers, skiers, and other outdoor zealots.

MYSTERY RANCH®

BUILT FOR THE MISSION

Spring 23

NEW FOR SPRING 2023!

Bridger 45 & 35

Coming off the incredible success of the Bridger 55 & 65, we announce two smaller sizes with the same great features. Whether you're packing for a sunrise-to-sunset day hike or making a weekend getaway into the wilderness, the BRIDGER 45 was built to not just meet but exceed your mission needs. See detailed break downs on page 12.

Coulee 20, 30, 40 & 50

The reimagined and expanded series of lighter, do-everything packs. Mystery Ranch's signature 3-Zip design allows for easy access of everything in your pack. The Coulee 25 & 40 have always been very popular, and the new sizes allow you to choose your ideal size with updated features. See detail descriptions on page 14.

Grab exactly what you need, exactly when you need it

Finding exactly what you need exactly when you need it is the name of the game for the QUICK ATTACH ZOID BAG. A top choice for stowing first aid kits, pocket knives, and other small items, the newest generation of this backcountry asset is made with a TPU window so you can see what's inside before you even start to reach for it. A locking gatekeeper system makes the QUICK ATTACH ZOID BAG compatible with most MYSTERY RANCH hiking packs and ensures secure attachment while allowing for fast and easy removal in high-pressure situations.

Quick Attach Zoid Bag

Above: size medium for vertical use – 3L

Above: size small for horizontal use – 1.5L

Super Fly Pack Cover

A two-in-one cover for a premium waterproof experience

For those who don't like risking their luck when there's a chance of rain in the forecast, the two-in-one SUPER FLY PACK COVER offers a premium waterproofing experience. We engineered this cover with taped seams, 2.5x Nylon fabric (still breathable), and a built-in adjustable hood to keep both your pack and your noggin dry during misty mornings or when rainstorms blow in out of nowhere. With the SUPER FLY PACK COVER on hand, you can venture out into the backcountry with one less thing to worry about when the skies start to get dark.

Large: Fits 60L to 105L packs

Medium: Fits 40L to 60L packs

Small: Fits 20L to 40L packs

Wingman Multi-Pocket

This versatile accessory teams up with your backpack to elevate your organization game, mounting on shoulder straps and offering storage that's sized just right for the small, easy-to-lose stuff.

Durable stretch front pocket fits most water bottles | Zippered pocket offers a secure spot for your phone, map, keys, sunglasses, etc | Easily attaches to most backpack shoulder straps | Elastic cord paired with cordlock allows for one-handed access while locking the bottle in place | Additional accessory strap allows you to convert your WINGMAN into a hip pack or over-the-shoulder sling bag.

Wingman AFP

This versatile pocket attaches to almost any backpack to keep accessories close at hand when you need to snap a photo or queue your peak-bagging playlist.

Wingman Hydro

The WINGMAN HYDRO meets your outdoor libation needs - ranging from keeping extra H2O on hand for long in-and-outers to holstering a cold one during a relaxed afternoon of fishing.

Expedition & Trail Backpacks

We use three main active frame systems in our Expedition and Trail backpacks.

- **Terraframe** – An expandable load hauler for your biggest mountain adventures.
 - **Astral Frame** – The result of over 40 years of field-testing and fine-tuning all our Load Carriage™ wisdom.
 - **Endurance Frame** – Category leading back panel ventilation and should harness accessorization.
-

Go ahead, bring more!

The **TERRAFRAME SYSTEM** features patented MYSTERY RANCH technology that increases capacity. The bag removes from the frame, exposing the load shelf and allowing you to compress additional gear and awkward shaped loads for comfortable carry over long distances. This intelligently engineered load-lifting frame and harness technology gives you the edge over gravity.

Step 1:
Release
pack from
frame.

Step 2:
Expand
and insert
your load
right up
against
your
back.

Step 3:
Reconnect
pack to
frame and
compress.

All Terraframe packs use the OVERLOAD® system to increase load capacity and help in carrying those awkward, oversized loads.

TERRAFRAME 80

An expandable load hauler for your biggest mountain adventures. The new TERRAFRAME 80 is for mountain zealots who need options when going big.

TERRAFRAME 65

Finally, a pack built for general outdoor, backpacking, and mountaineering use featuring our patented OVERLOAD® feature. Your new secret weapon when carrying awkward, excessive loads.

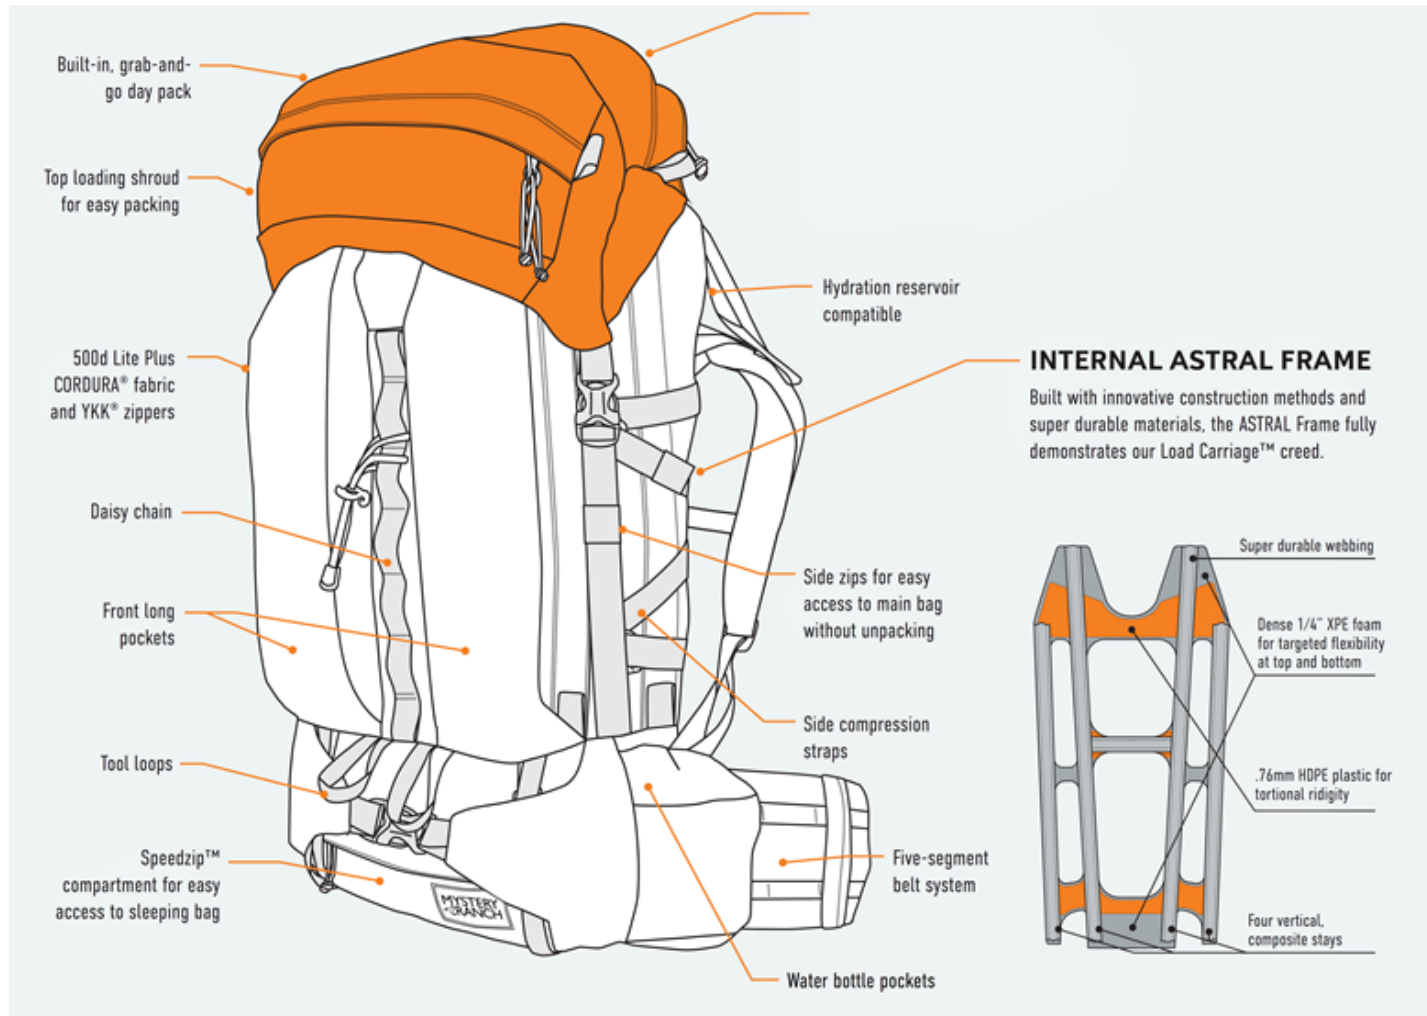

TERRAFRAME 3-ZIP 50

Blending two of our most crucial designs – the 3-ZIP and OVERLOAD® features – the redesigned TERRAFRAME 50 3-ZIP is for mountain zealots who need the option of going light or going big.

Feature rich, to help you pack in further.

The **ASTRAL** frame is used in our most revered collection of packs – the **GLACIER, TERRAPLANE, and T 100** – showcase these purposeful features. Built with advanced construction methods and materials, these packs are ideal for long weekend outings as well as extended backcountry trips. These expedition packs are capable of hauling 60+ pounds of survival essentials.

The Astral frame is used in the packs in the EXPEDITION category.

T100 – 100L

Our largest expedition backpack for your biggest adventures.

The T-100 is our most gargantuan, expedition backpack.

Terraplane – 82L

Our iconic pack for your boldest, backpacking adventures.

The TERRAPLANE is our most revered, time-tested expedition pack.

Glacier – 71L

Our signature, backpacking pack with all our proven design elements.

The GLACIER is ideal for long weekend outings as well as more extended backcountry trips.

Available in men's & women's models.

Designed for the seasoned hiker and first-timer alike.

The **ENDURANCE** frame is used in the **BRIDGER 35, 45, 55 and 65** offering the comfort and organization you've come to expect from MYSTERY RANCH while highlighting a redesigned, breathable frame and a new yoke featuring easy hydration access, as well as a detachable lid that converts to a hip pack. Built for the seasoned hiker and first-timer alike, the BRIDGER 55 and 65 offer a feature-rich, weight-conscious, and durable pack that supports your overnight mission.

NEW

ENDURANCE YOKE

TRAIL RUNNING TECH MEETS BACKPACKING:
That's how the new MYSTERY RANCH Endurance Yoke was born. This innovative, running vest-inspired design gives the same quick, convenient accessibility built for trail runners to the backpacker. The stretch-mesh pockets on the shoulders and waist fit your water, extra calories, bear spray or anything you immediately need without having to stop and dig through your pack. It's also designed for maximum breathability and airflow, keeping you cool and comfortable, and built for endurance on the trail.

FEATURES THAT KEEP YOU COOL AS A CUCUMBER

- 1 GAME-CHANGING FABRIC**
Specialized foam and cool air mesh, moisture-wicking fabric allows air to flow while minimizing friction and heat to keep you cool.
- 2 BREATHABLE SHOULDER PADS**
Thoughtful design and aerated fabrics promote optimal comfort and breathability.
- 3 DIRECTED AIR FLOW**
The innovative frame and yoke integration minimize back-to-pack contact to maximize airflow by creating air channels in the yoke.
- 4 RUNNING INSPIRED VEST**
Two stretch shoulder pockets provide convenient, quick access to your water or snacks so you can keep trekking.
- 5 MORE POCKETS WHERE YOU NEED THEM**
Two zippered stretch pockets on the waist belt so quickly grab or stash your phone or sunglasses.

The Bridger series!

Men's Bridger 65

Wmn's Bridger 65

Men's Bridger 55

Wmn's Bridger 65

Designed for the seasoned hiker and first-timer alike.

The BRIDGER 65 and 55 backpacks offer the comfort and organization you've come to expect from MYSTERY RANCH while highlighting a redesigned, breathable frame and a new endurance yoke featuring easy hydration access, as well as a detachable lid that converts to a hip pack. The BRIDGER 65 offers a feature-rich, weight-conscious, and durable pack that supports your overnight mission.

Built with high abrasion-resistant fabric and water-resistant zippers | Breathable endurance yoke with pocketed shoulder pads | Internal spring-steel wire frame | Generous removable lid that converts to a hip sack | Dual access to main bag | Drawstring shroud access | Two full-length zipper access | Large stretch-woven back pocket | Dual adjustable tool attach | Double daisy chains for lashing | Side and bottom compression straps | Speed Zip™ sleeping bag compartment with removable divider | Pocketed waist belt | Double-layer bottom with differential cut fabric for improved durability | Hydration reservoir compatible

Here Are The New 35 & 45 Bridgers!

Made for every challenge your weekend mission throws your way

Built for grueling in-and-outs or minimalist overnights, these hiking packs' ample storage pockets let you keep essential accessories like sunscreen, snacks, and cameras close at hand, and a double-zipper design makes for an effortless transition when it's time to take a lunch break or set up camp. You'll enjoy every step of the journey with our signature Endurance Yoke technology that breathes like a running vest to keep you cool on those uphill switchbacks. Better still, this pack gets it done with durable recycled nylon ripstop construction that's engineered with sustainability in mind.

Men's Bridger 45

Spring steel wire frame | Breathable Endurance Yoke and slim wrap waistbelt with ample pockets | Two small dump pockets, one on each interior side of the bag for extra storage | Removable lid that converts to a crossbody, sling-style bag for quick and close | Full-bag length, double-zippered access for easy and fast opening to main bag | Speed Zip™ sleeping bag compartment with removable divider | Removable internal divider for multi-use organization | Attach loops on the body panel for QUICK ATTACH ZOID BAGS | Drawstring shroud access | Dual adjustable tool attach | Double daisy chains for lashing | Side and bottom compression

Wmn's Bridger 45

Men's Bridger 35

Spring steel wire frame | Breathable Endurance Yoke and slim wrap waistbelt with ample pockets | Two small dump pockets, one on each interior side of the bag for extra storage | Double-zippered for easy and fast opening to main bag | Attach loops on the interior body panel for QUICK ATTACH ZOID BAGS | Drawstring shroud access | Fixed lid | Dual adjustable tool attach | Double daisy chains for lashing | Side and bottom compression

Wmn's Bridger 35

Pack Fitting

1. LOOSEN SHOULDER STRAPS. SITUATE WAIST BELTS COMFORTABLY ON HIPS AND TIGHTEN.
2. REMOVE ADJUSTER PLASTIC ADJUSTER FROM THE FLAP BEHIND THE HARNESS YOKE.
3. SLIDE THE ADJUSTER BETWEEN THE YOKE AND THE BAG TO BREAK THE VELCRO® BOND.
4. ADJUST YOKE UP OR DOWN TO TORSO LENGTH, TELESCOPING UNTIL SEAM BETWEEN SHOULDER STRAP AND YOKE BODY ALIGN WITH TOP OF SHOULDER BLADE.
5. REPLACE ADJUSTER TO ITS ORIGINAL LOCATION. THE ADJUSTER DOUBLES AS A CRUCIAL PIECE OF FRAMING IN YOUR PACK AND TRANSFERS WEIGHT THROUGH THE TORSO AND INTO THE HIPS AND CORE.

This QR Code will take you to a great video that explains the fitting process.

DISTRICT SERIES

All styles are made from durable, **CORDURA® re/cor™** RN66 fabric made from reclaimed pre-consumer waste materials that have been recycled into high-quality yarns.

DISTRICT 18 & 24

The DISTRICT 24 & 18 are the direct result of years of customer feedback. With a top admin pocket, dual-side water bottle pockets and a padded sleeve that fits either a 17" (24) or 15" (18) tablet or laptop, this fixed-harness pack blends style, function, and durability.

DISTRICT 8, 4 & 2

When you need more than a wallet but less than a pack, you need the **DISTRICT 8, 4 or 2**. External pockets paired with internal organization help keep your phone, glasses, ear buds and keys safe and with multiple carry options.

High Water Styles

Utilizing TRU® Zip Waterproof zippers paired with MYSTERY RANCH's ingenious construction method and materials, this collection of packs will tolerate the most extreme elements – hail, rain or shine.

pockets

Climbing

Specifically designed for the wants and needs of climbers. Whether to carry your rope, crampons, and axes or to haul your draws, cord, and rock shoes – our climbing packs will get your kit organized.

TOWER 47

Finally, a bomb-proof crag pack to keep your gear organized. The compression-molded back panel adds structure and increased comfort during the approach to the base of the crag.

SKYLINE 17 & 23

Whether it's for a quick day trip to the local crag or a loftier multi-pitch goal, the SKYLINE 17 & 23 are sized perfectly to host all your climbing necessities.

Travel

Haul cargo for any mission secured by rugged material fit for constant abuse. Be it the back of the truck, a horse pack, or the overhead compartment – these packs are BUILT FOR THE MISSION.

Mission Rover 30, 45 and 60 Plus

Our MISSION ROVERS are workhorse gear haulers to accommodate your varying loads that come in three sizes, designed to strategically separate your stuff. Available in three sizes – 30L, 45L, and 60 PLUS.

MISSION STUFFELS – 30, 45 & 60

Whether you live in tight quarters or tend to bring home more than you packed, the convertible MISSION STUFFEL is the low-profile travel companion you didn't know you needed.

MISSION WHEELIE5 – 40, 80 & 130

These offer bomb-proof, clamshell protection for your roller luggage. Featuring hybrid, compression molded shells sheathed in ultra-stout 1000D CORDURA®, these each incorporate the most heavy-duty, off-road wheels and hardware sets available.

MISSION DUFFELS – 40, 55 & 90

These are workhorse gear haulers to accommodate your varying loads that come in three-sizes. Designed to strategically separate your stuff, you might call them "smart duffels."

Accessories

MYSTERY RANCH accessories were designed to help customize your pack – whether quick access to essentials, extra volume, additional organization, or hydration solutions.

- Pack Flys (Regular & Hooded)
- Interior & Exterior Pockets
- Quick Draw Bino Harnesses
- Bear Spray Holsters
- DSLR Chest Rig
- Removable Water Bottle Pocket
- Mission Control – padded organizers
- Spiff Kits
- Zoid Cubes
