BUILT FOR  
THE  
MISSION®

Born in the northern Rocky Mountains of Montana, MYSTERY RANCH has designed and built bombproof backpacks for over 40 years. Inspired by our outdoor obsessions — wilderness backpacking, peak bagging, rock and ice climbing, backcountry skiing — as well as our zeal for far-flung travel — here you'll find our latest, most dialed Mountain collection.

For much of the past 20 years, we've developed Load Carriage™ systems for the most demanding customers and environments out there: military combat and wildland firefighting. These high-level users came to us because they knew of our pack-engineering pedigree. They needed purpose-built packs that would carry monstrous loads with more stability — packs that would endure relentless hammering in the field without failure... year in and year out. Designing for this professional and industrial user has taught us about building functional, comfortable packs for hikers, backpackers, climbers, skiers, hunters, and other outdoor zealots.

With a heritage rooted in mountain sports, we're psyched to come full circle. Our goal is to partner with outdoor specialty shops whose customers demand the most evolved, proven, load-bearing designs. With so much commodity product on the market, MYSTERY RANCH packs distinguish themselves with active suspension systems and only the highest quality durable fabric and trim packages. Designed and built to endure the long haul — and then some.

**MYSTERY RANCH® — BUILT FOR THE MISSION®**

# FRAMES & TECHNOLOGY

---

## **GUIDE LIGHT MT™** FRAME

### GUIDE LIGHT MT™ FRAME

The patented **GUIDE LIGHT MT™ FRAME** continues the load carriage tradition with its rigid yet dynamic frame system. Utilizing custom-developed SJ Autolock buckles and 500D Light Plus **CORDURA®** fabric in combination with the five-point waistbelt, this frame delivers strength and durability regardless of the load.

---

## **FUTURA** YOKE

### FUTURA YOKE SYSTEM

The patented **MYSTERY RANCH Futura Yoke** system enables you to micro-adjust the torso length, making it a crucial piece of the pack's structure.

---

## **OVERLOAD®** FEATURE

### OVERLOAD® FEATURE

The patented **OVERLOAD®** feature provides functional expandability via a load sling between the pack and the frame, allowing you to put the bulk of the weight closest to your back for optimal comfort.

# BACKPACKING PACKS

**MYSTERY RANCH** has designed  
and built bombproof backpacks  
for decades.

Big trips and monster loads require intelligently engineered load-bearing designs. Good thing our backpacks distill over 40 years of field-tested, finely tuned Load Carriage™ wisdom.

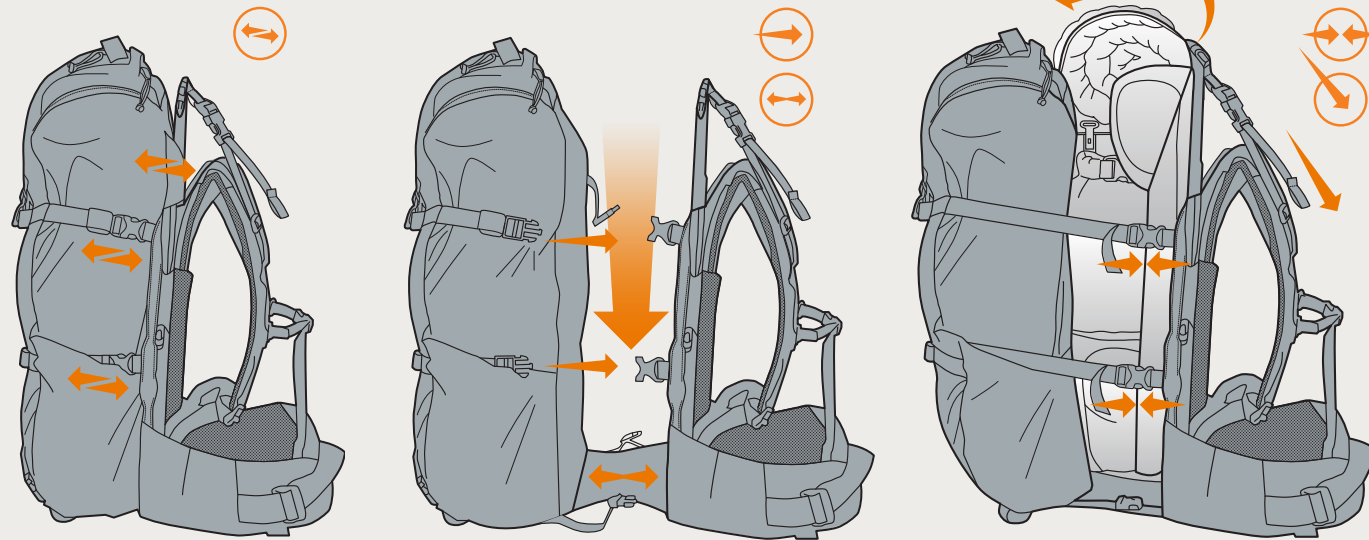

# GO AHEAD, BRING MORE!

## TERRAFRAME SYSTEM

The TERRAFRAME SYSTEM features patented MYSTERY RANCH technology that increases capacity. The bag removes from the frame, exposing the load shelf and allowing you to compress additional gear and awkward-shaped loads for comfortable carry over long distances. This intelligently engineered load-lifting frame and harness technology gives you the edge over gravity.

# FEATURE-RICH – TO HELP YOU PACK IN FURTHER.

## EXPEDITION PACK FEATURES

The EXPEDITION series is our most revered collection of packs. Built with advanced construction methods and materials, these packs are ideal for long weekend outings and extended backpacking trips, and they are capable of hauling 60+ pounds of survival essentials. The GLACIER, TERRAPLANE, AND T 100 showcase these purposeful features.

This revolutionary backpack design transforms your single pack into two packs - by transferring the main pack's yoke over to the removable lid, it quickly morphs into a fully functional summit pack that is hydration-compatible. This feature is available on the GLACIER, TERRAPLANE, T 100, and TERRAFRAME 65 & 80.

### KEY FEATURES:

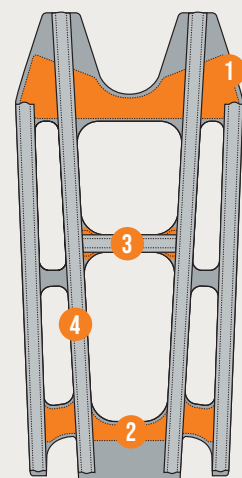

- 1 Lid transforms into day pack when yoke is attached
- 2 Side zips for easy access to main bag without unpacking
- 3 Two front long torpedo pockets for rapid access
- 4 Speedzip™ compartment for easy access to sleeping bag
  - Water bottle pockets and hydration reservoir-compatible
  - Top-loading shroud for easy packing
  - Hydration reservoir compatible
- 5 Tool carry attachment between vertical torpedo pockets

### INTERNAL ASTRAL FRAME

Built with innovative construction methods and super durable materials, the ASTRAL Frame fully demonstrates our Load Carriage™ creed.

### KEY FEATURES:

- 1 Super durable webbing
- 2 Dense XPE foam for targeted flexibility at top and bottom
- 3 HDPE plastic for torsional rigidity
- 4 Four vertical, composite stays

# HIKING PACKS

**MYSTERY RANCH day packs are the workhorses for your next adventure.**

These are our go-to-packs for various types of hikes — from half-day, head-clearing blitzes to fast and light week-long treks.

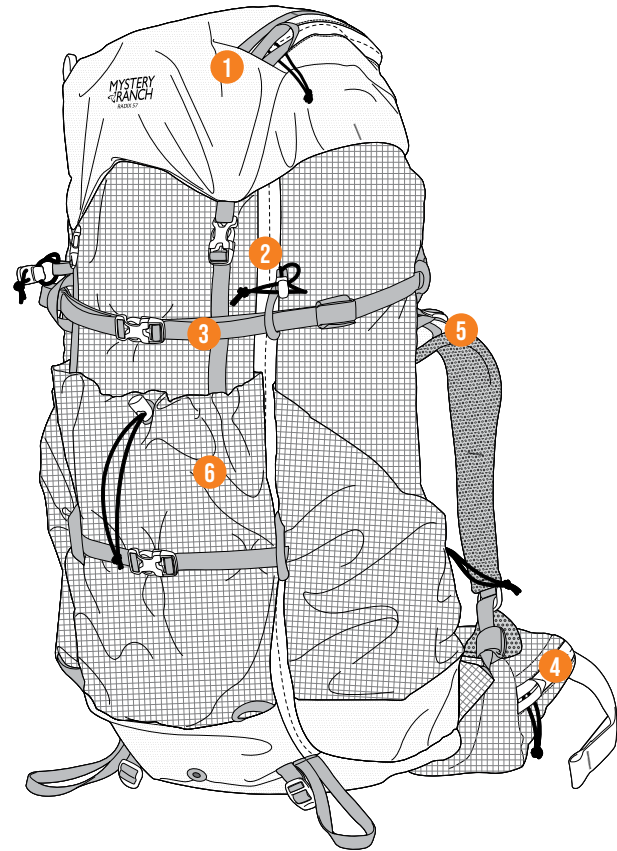

NEW

# RADIX 57

The RADIX 57 is the best lightweight pack that's not short on comfort or load bearing capabilities. The removable, lightweight aluminum frame, lid and waist belt allows you to choose how to carry those grams so you can have the endurance to crush hundreds of miles of trail.

### KEY FEATURES:

- 1 Removable pocketed lid gives you the option of keeping your snacks, camera, and other essentials close at hand on the trail
  - 2 Off-center zipper for more convenient accessibility
  - 3 Removable and repairable compression web and repairable trim means that this pack won't be wearing out anytime soon
  - 4 Removable pocketed waistbelts keep your essentials close at hand on the trail
  - 5 Adjustable lightweight harnessing makes your hike that much more comfortable
  - 6 Easily compressible front and side pockets are perfect for holding light layers, water bottles, and/or things you need to get to or stash away quickly
- Removable 7000 Series, aerospace aluminum frame offers just the right load-bearing support for what your mountain mission requires
  - Technical Ultra-PE Birdseye and recycled 100D Robic Ripstop fabric means you can trust this pack to hold up all the way to the peak and back
  - Men's and women's harnessing options for a superior ergonomic fit with your body
  - Hydration reservoir compatible

 Size: S/M L/XL

# ENDURANCE YOKE

## TRAIL RUNNING TECH MEETS BACKPACKING

That's how the MYSTERY RANCH Endurance Yoke was born. This innovative, running-vest-inspired design offers backpackers the same quick, convenient accessibility built for trail runners. The stretch-mesh pockets on the shoulders and waist fit your water, snacks, bear spray, or anything you immediately need – without having to stop and dig through your pack. It's also designed for maximum breathability and airflow – keeping you cool and comfortable – and built for endurance on the trail.

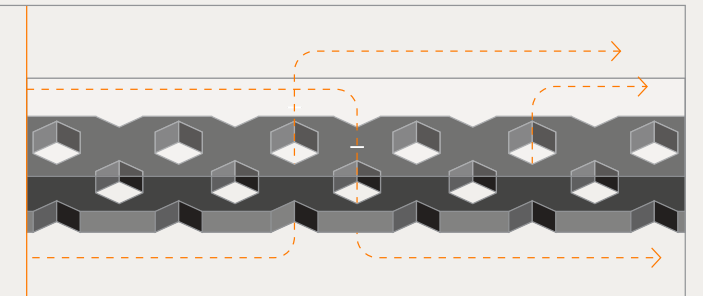

## FEATURES THAT KEEP YOU COOL AS A CUCUMBER

①

### GAME-CHANGING FABRIC

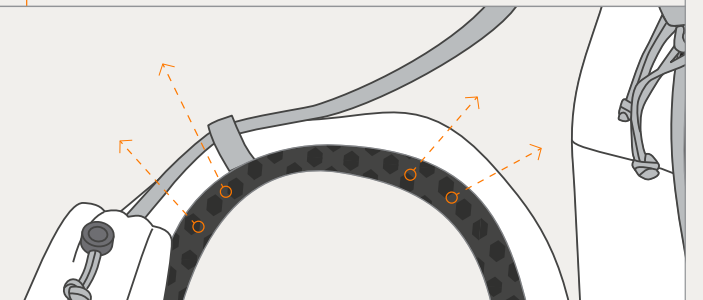

Specialized foam, cool air mesh, and moisture-wicking fabric allow air to flow while minimizing friction and heat to keep you cool.

②

### BREATHABLE SHOULDER PADS

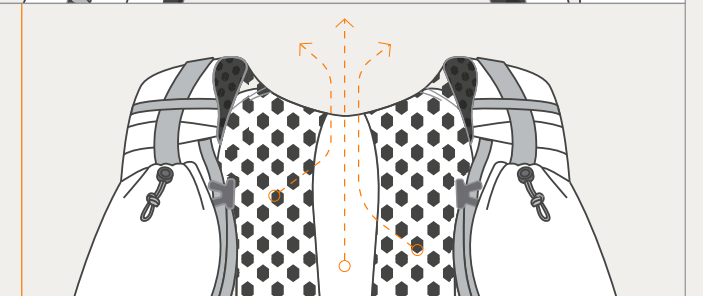

Thoughtful design and aerated fabrics promote optimal comfort and breathability.

③

### DIRECTED AIR FLOW

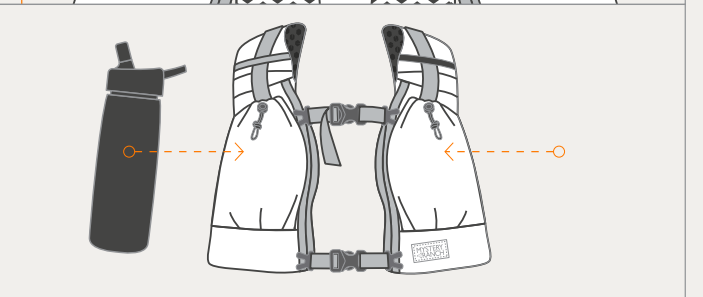

The innovative frame and yoke integration minimize back-to-pack contact, maximizing airflow by creating air channels in the yoke.

④

### RUNNING-INSPIRED VEST

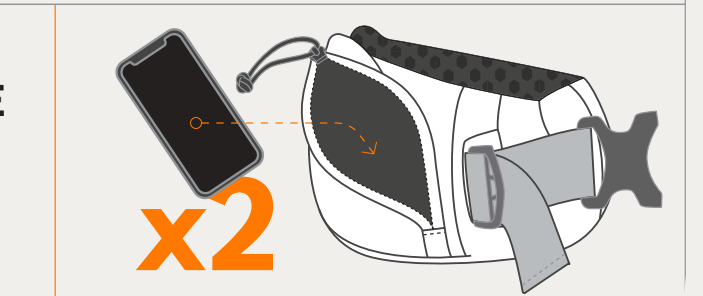

Two stretch shoulder pockets provide convenient, quick access to your water or snacks so you can keep trekking.

⑤

### MORE POCKETS WHERE YOU NEED THEM

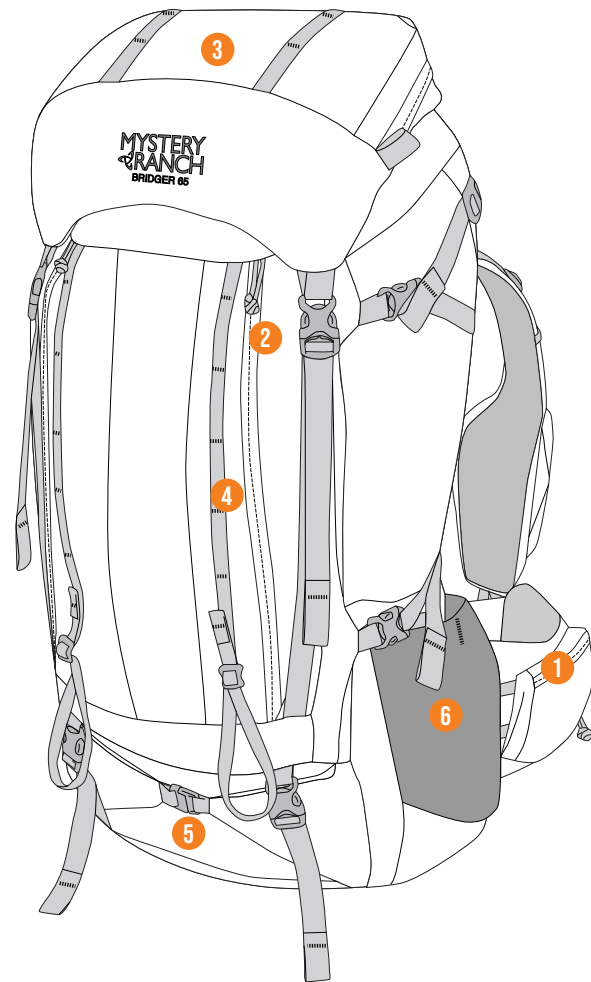

Two zippered stretch pockets on the waist belt to quickly grab or stash your phone or sunglasses.

# BRIDGER 65

The BRIDGER 65 is the Cadillac of backpacks. It's a feature-rich, weight-conscious, and durable pack that supports your overnight or multi-day backpacking adventure.

## KEY FEATURES:

- 1 Breathable Endurance Yoke and slim wrap waistbelt with ample pockets for quick access to water bottle or snacks
- 2 Dual access to main bag: Drawstring shroud access or two full-length zipper access
- 3 Removable lid that converts to a hip pack for quick and close adventures
- 4 Double daisy chain and tool attachment
- 5 Speed Zip™ sleeping bag compartment with removable divider
- 6 Two large stretch-woven back pockets with inner and elastic-topped dump pockets
  - Internal spring steel wire frame

MIPAN  
**regen robic**

The most environmentally friendly products are those that endure — which is why since our founding in 2000, MYSTERY RANCH has been committed to protecting the environment. Minimizing poly bagging and incorporating recycled and recyclable materials in our packaging program was a start, and in 2022 we took it one step further by incorporating recycled fabrics into our packs. The COULEE SERIES incorporates 100% recycled nylon: MIPAN Regen Robic.

MIPAN Regen Robic is the first recycled high-tenacity nylon made from 100% reclaimed waste (pre-consumer), developed for eco-conscious enthusiasts who rely on their gear wherever the adventure takes them.

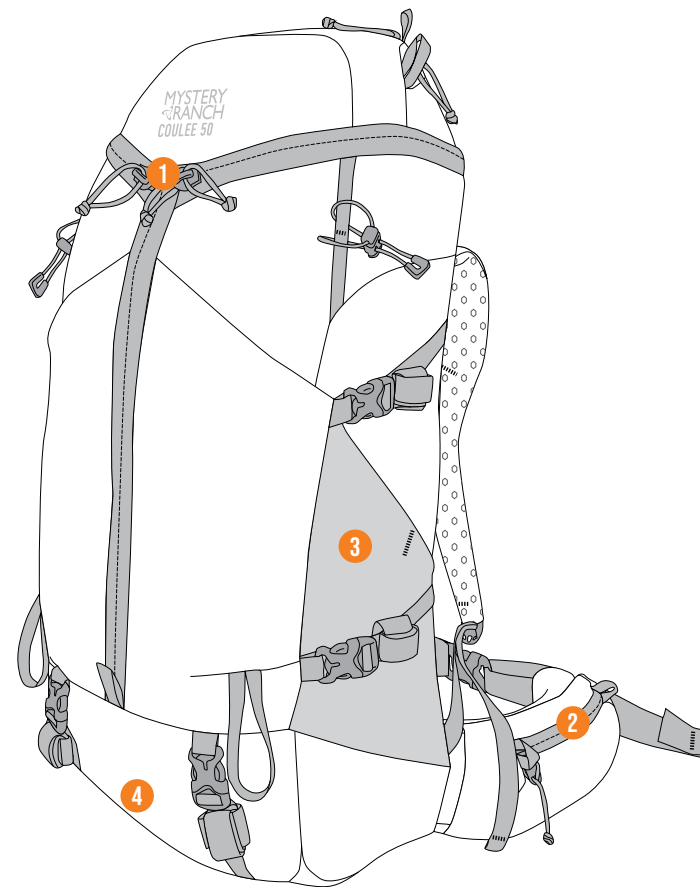

Recycled. Robust. Resilient.

# COULEE 50

For those who take on life with a “go big or go home” mindset, the new-generation COULEE 50 is ready to help you gear up for your next mountain mission.

# SNOW PACKS

For dawn patrol trips into the backcountry or laps at the resort, **MYSTERY RANCH snowpacks** are built to carry your essentials.

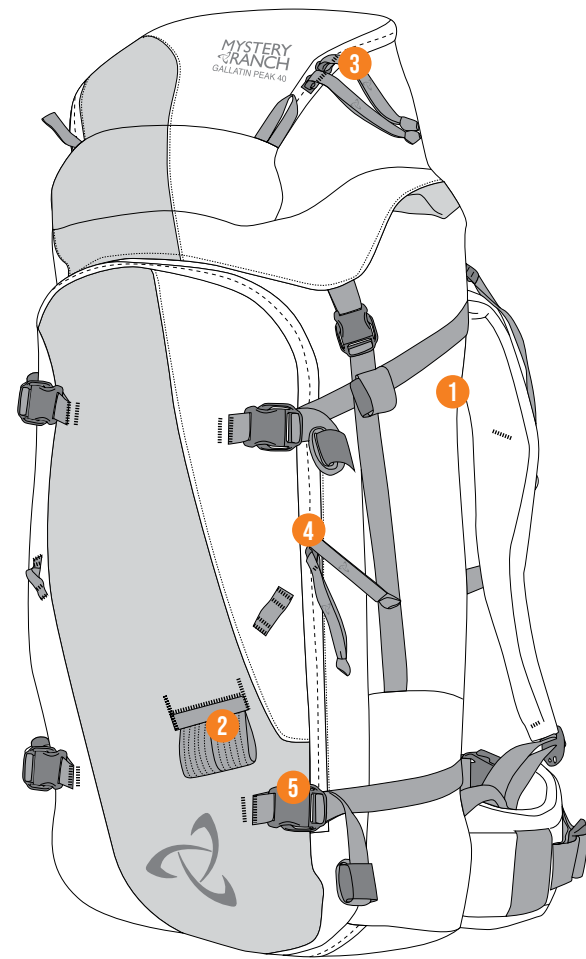

These burly packs can handle any extra load, from avy equipment to extra layers and all the snacks.

# GALLATIN PEAK 40

A pack built for safety, the GALLATIN PEAK 40 features multiple carry options for ski, splitboard, or snowboard, plus glove-friendly buckles. It's a pack that ski patrollers, guides, and backcountry enthusiasts love.

## KEY FEATURES:

- 1 Body panel unzips to allow easy, on-the-fly access to the main bag while skis are attached
- 2 Stout stowable ski loop for stable diagonal ski carry
- 3 Two zippered lid pockets (one soft, fabric-lined for storing goggles)
- 4 Zipper access to large, organized Avy pocket
- 5 Glove-friendly buckles
  - Top-loading compartment with shroud
  - Exterior, tuck-away helmet carry

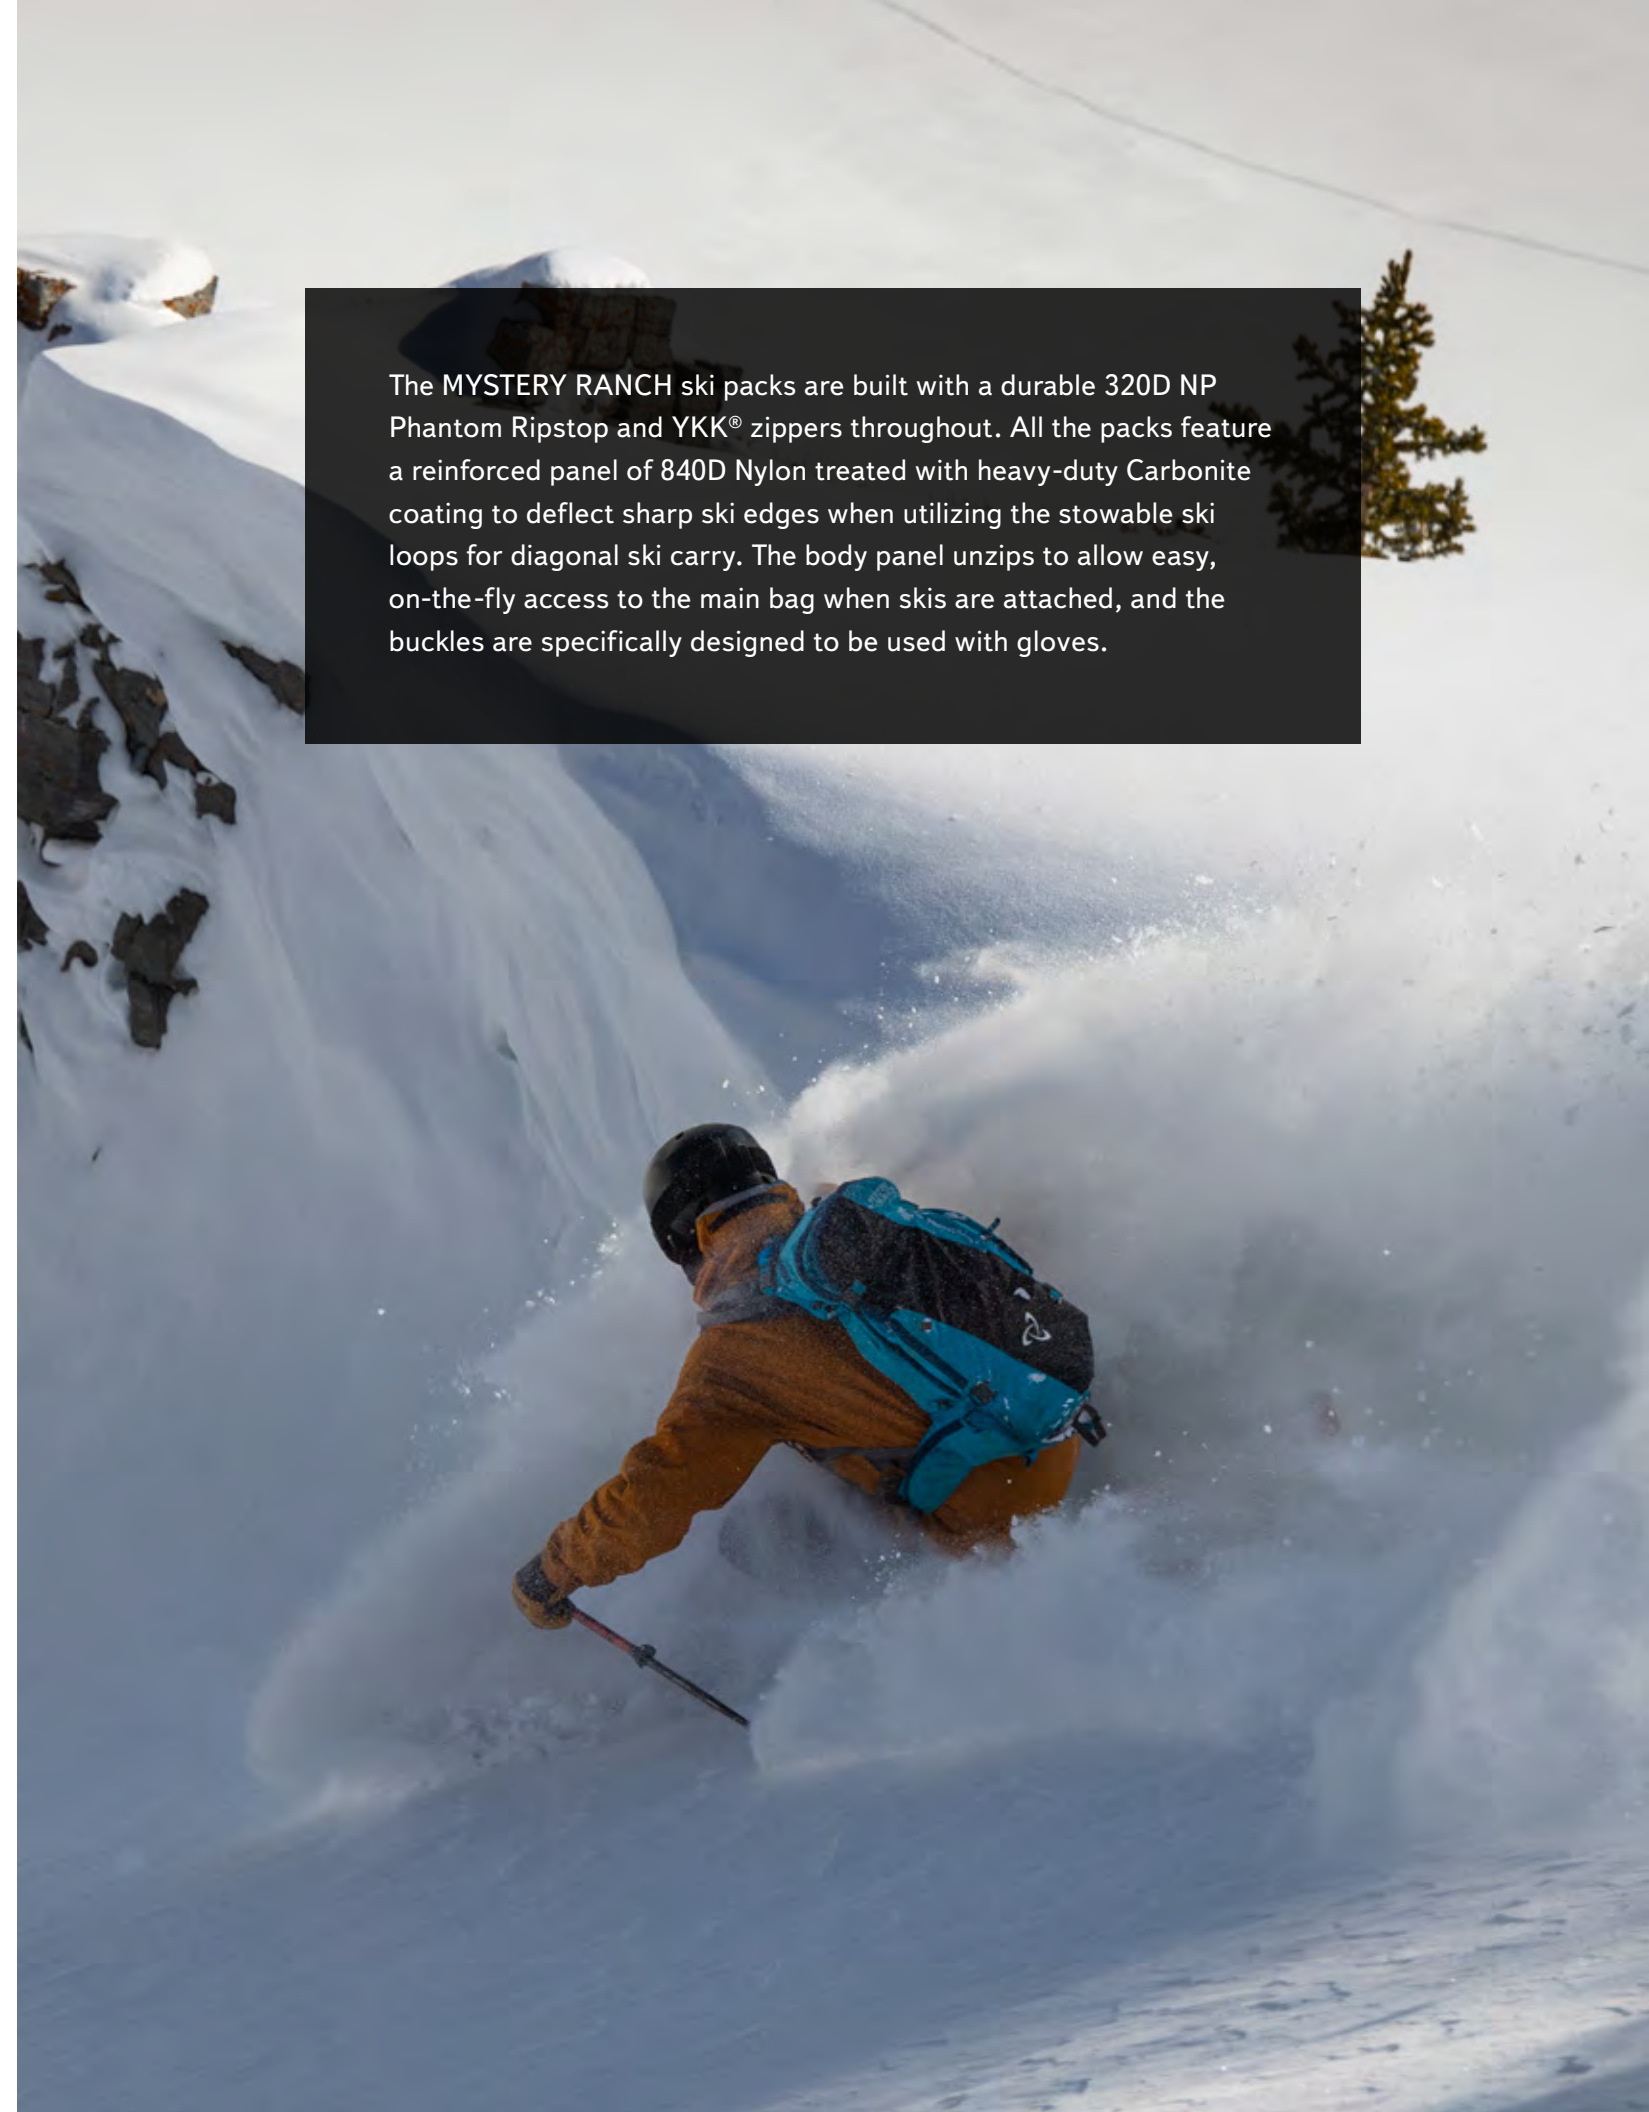

## SPECS:

Weight: 1.74 kg (3 lbs)

Size:  S/M  L/XL

Black

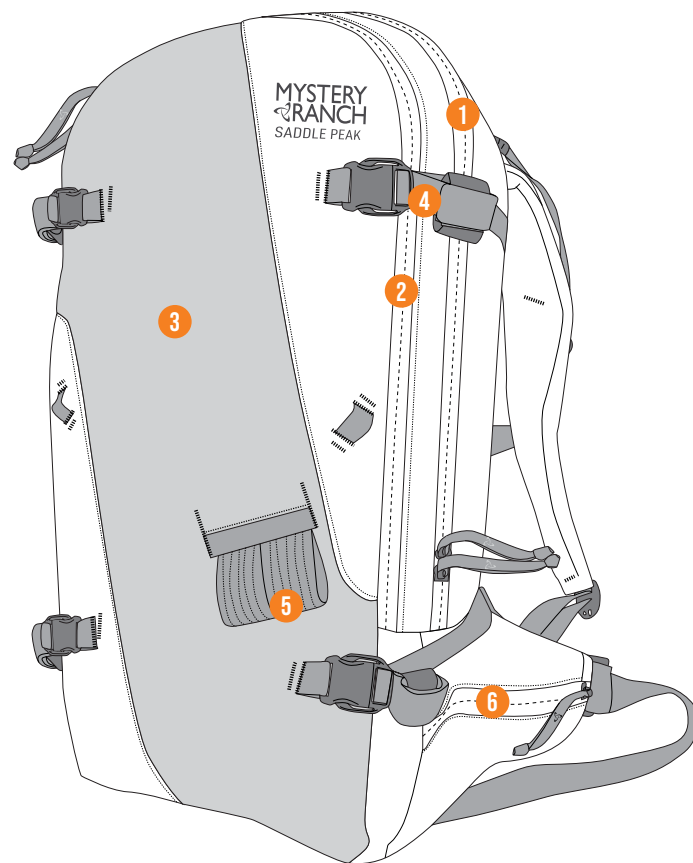

The MYSTERY RANCH ski packs are built with a durable 320D NP Phantom Ripstop and YKK® zippers throughout. All the packs feature a reinforced panel of 840D Nylon treated with heavy-duty Carbonite coating to deflect sharp ski edges when utilizing the stowable ski loops for diagonal ski carry. The body panel unzips to allow easy, on-the-fly access to the main bag when skis are attached, and the buckles are specifically designed to be used with gloves.

# SADDLE PEAK

Resort or backcountry, this super comfortable and super durable pack is trusted by ski patrol and ski bums alike. Fast access to Avy gear or goggles, glove-friendly buckles, and water shedding capabilities – this pack is a skier’s dream.

## KEY FEATURES:

- 1 Zippered access into the main bag
- 2 Zipper access to large, organized Avy pocket
- 3 840D face with carbonate coating for extra abrasion resistance
- 4 Compression straps with glove-friendly buckles
- 5 Stout/stowable ski loop for stable diagonal ski carry
- 6 Pocketed waist belt for quick access to snacks or tools
  - Top zippered lid pocket lined with soft fabric for storing goggles
  - Exterior, tuck-away helmet carry
  - Hydration reservoir compatible

# TRAVEL

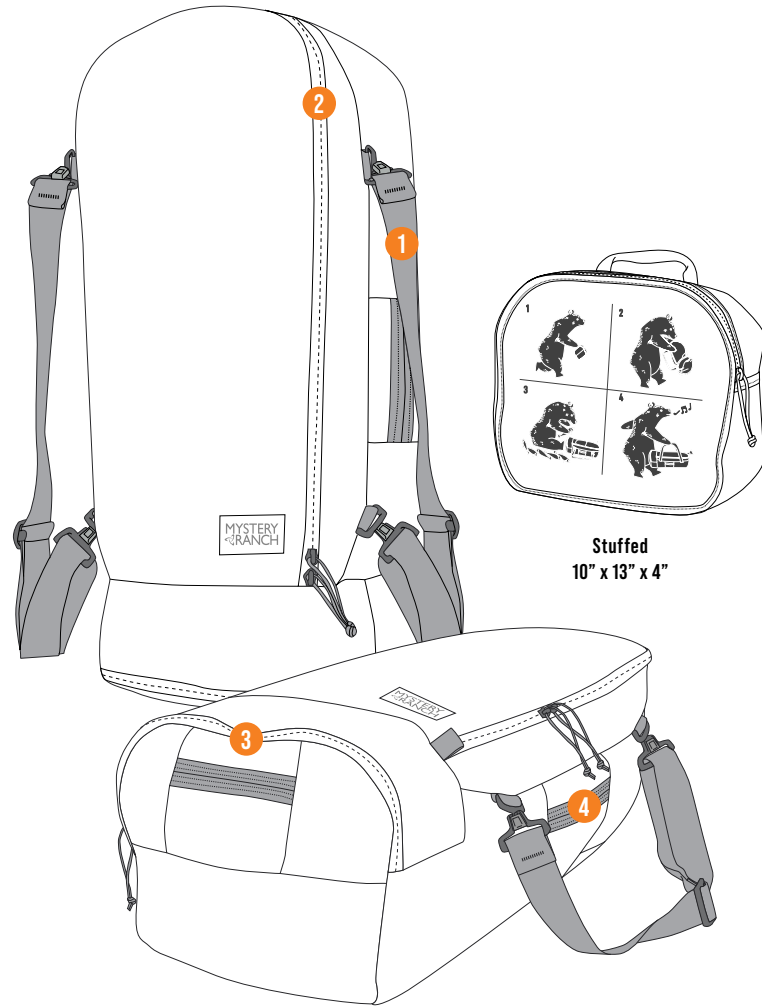

**MYSTERY RANCH has a travel pack for any mission – train, plane, or automobile.**

Rugged material and tough construction mean these bags can survive constant adventure abuse. These travel packs can haul cargo for the weekend warrior, a weeklong cross-country excursion, or an easy overnight.

# MISSION STUFFELS

Born in the same style as our MISSION DUFFEL and nesting into its own boot compartment, this convertible duffel takes up less space than a sweater when packed, making it a no-brainer to toss into your bag to accommodate the extra goodies you picked up on your trip – also freeing up floor space that traditional luggage has a hold on.

## KEY FEATURES:

- 1 Shoulder straps can be worn as a backpack or easily removed for quick storage
- 2 Huge main compartment access through a long horseshoe opening
- 3 Zippered boot compartment where pack can stuff into
- 4 A handle on all four sides

## SPECS:

- 60**
- Weight: 0.7 kg (1.53 lb)

# HIGH WATER SERIES

## TECH

Built with 840D ballistic nylon with double-sided TPU coating for waterproofness, high-abrasion & tear resistance, high-temp resistance, and low-temp flexibility

TRU® Zip is the first-ever sliding, toothless, silent, dust-proof, waterproof submersible, self-healing complete zipper assembly

# WATERPROOF

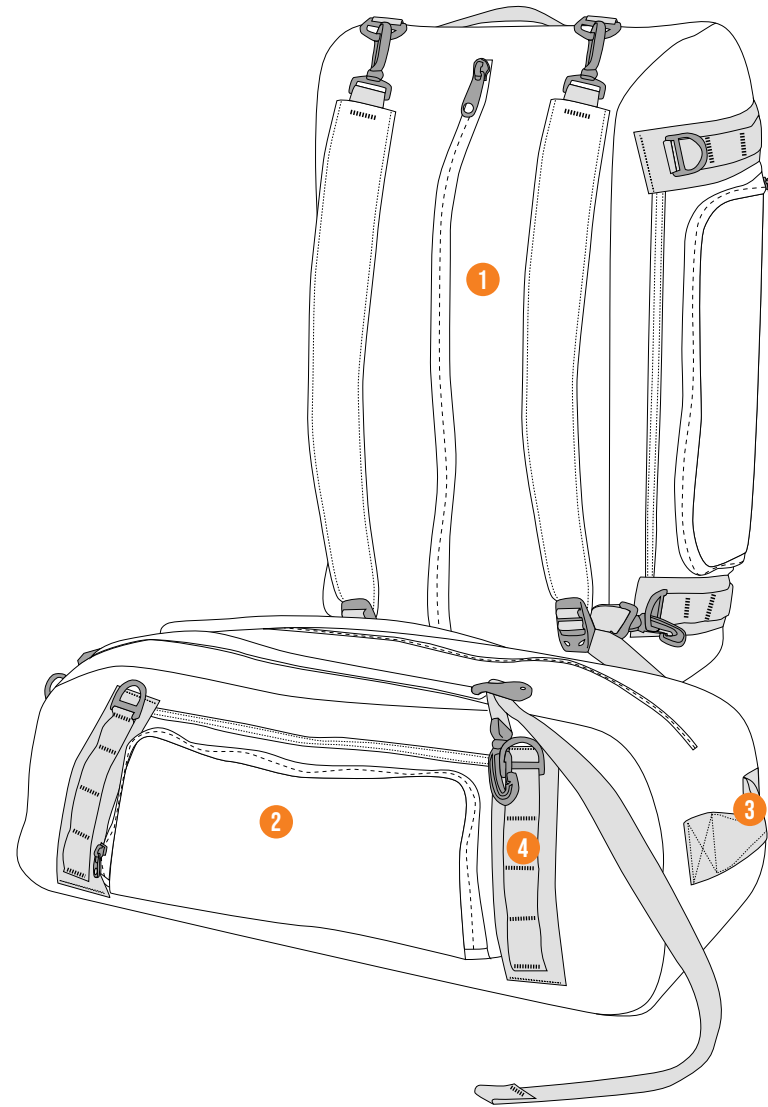

**Built for the Mission also means withstanding the elements.**

This innovative series is designed as your multi-use, watertight solution. Utilizing TRU® Zip Waterproof zippers, paired with MYSTERY RANCH's ingenious construction methods and materials, this collection of packs will tolerate the most extreme elements — hail, rain, or shine.

# HIGH WATER DUFFEL

This duffel is ready for any adventure. Designed to fit perfectly on your OVERLOAD® feature of the TERRAFRAME, GUIDE LIGHT MT™ or ULTRA LIGHT MT™ frames, it can also stand alone for travel on land or water.

## KEY FEATURES:

- 1 Shoulder straps that can be swapped from duffel to backpack configuration
- 2 Large 3D zippered mesh side pockets
- 3 Large end handles
- 4 Heavy-duty reinforced daisy chains
  - Internal compression straps
  - Built to fit on any MR Overload® pack (Guide Light MT™, Ultra Light MT™ or Terraframe packs)

A close-up photograph of a person wearing a blue athletic top and black gear. A white water bottle with an orange cap is secured in a black neoprene holder attached to a black strap. The holder has the 'MYSTERY RANCH' logo in orange on the front. The background is a blurred blue fabric.

# ACCESSORIES

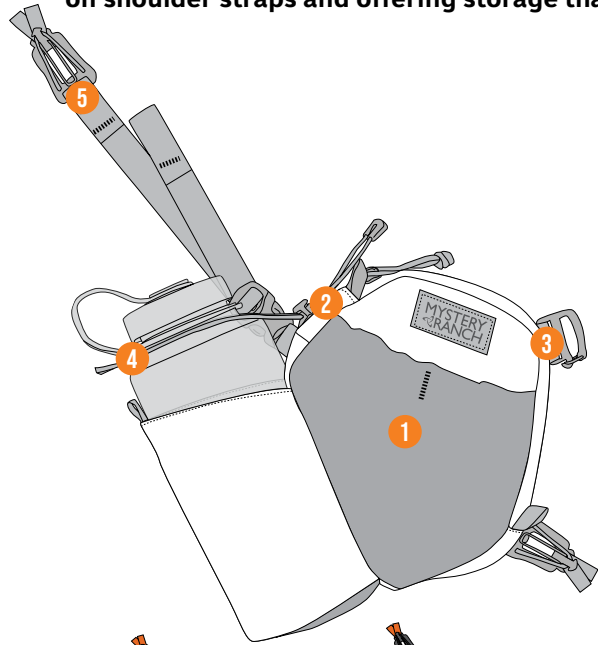

**MYSTERY RANCH**  
accessories are designed  
to give you extra space.

We've got a wide assortment of solutions that can hold water bottles, sunglasses, and all the small, random stuff in between.

# WINGMAN MULTI POCKET

This versatile accessory teams up with your backpack to elevate your organization game, mounting on shoulder straps and offering storage that's sized just right for the small, easy-to-lose stuff.

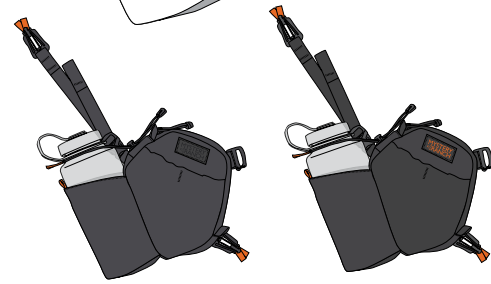

## KEY FEATURES:

- 1 Durable stretch front pocket for quick access to small items
- 2 Zippered pocket offers a secure spot for most sizes of phones, maps, keys, sunglasses, or your bird-watching journal
- 3 Easily attaches to most backpack shoulder straps
- 4 Elastic cord paired with cordlock allows for one-handed access while locking the bottle in place
- 5 Additional accessory strap allows you to convert your WINGMAN into a hip pack or over-the-shoulder sling bag.

## A-SIDE SPECIAL BLEND PATCH

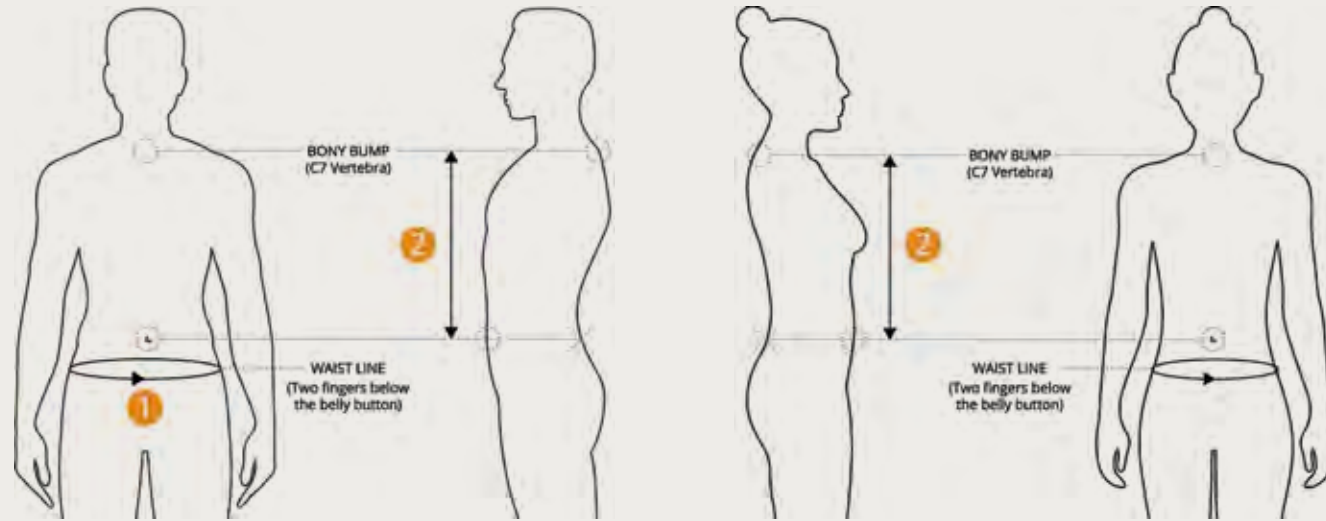

# FITTING & SIZING

## Getting Your Size

The key to a comfortable pack load is a properly fitting backpack. We've designed a more custom fit into our packs with simple sizing based off two measurements. To find the appropriate size waist and yoke for your pack, collect the following two measurements, then reference the sizing chart below.

### Torso

Use a tailors tape measure or string and have a friend measure between the bony bump at the base of your neck (C7 vertebra) to the spot on your spine that is just behind your belly button.

### Waist Circumference

Measure around your waist just above the top of your hip bones (roughly two fingers below your belly button).

#### Men's/Unisex Framed Sizing

	S	M	L	XL	One Size (OS)
Torso	15 - 20 in 38 - 51 cm	15 - 20 in 38 - 51 cm	17 - 24 in 43 - 61 cm	17 - 24 in 43 - 61 cm	16 - 22 in 41 - 56 cm
Waist	26 - 32 in 66 - 81 cm	31 - 36 in 79 - 92 cm	35 - 40 in 89 - 102 cm	39+ in 100+ cm	30 - 40 in 76 - 102 cm

#### Women's Framed Sizing

	XS	S	M	L	One Size (OS)
Torso	13 - 18 in 33 - 46 cm	13 - 18 in 33 - 46 cm	16 - 22 in 41 - 56 cm	16 - 22 in 41 - 56 cm	16 - 22 in 41 - 56 cm
Waist	26 - 32 in 66 - 81 cm	31 - 36 in 79 - 92 cm	35 - 40 in 89 - 102 cm	39+ in 100+ cm	30 - 40 in 76 - 102 cm

# WARRANTY & REPAIRS
